

### Course Introduction

#### Are you looking to develop your skills in Health & Social Care?

This Certificate will help you develop the knowledge and understanding of caring for individuals with dementia.

This NCFE employer recognised certificate, will allow learners to develop in-depth knowledge and understanding of dementia and its effects. It will also support progression into relevant employment within the Health and Social care sector. The qualification doesn't infer competence in the work role, but can be used to support the underpinning knowledge and understanding needed for those working in or towards a dementia care role.

### Qualification Structure

#### The NCFE Level 3 Certificate in Understanding the Principles of Dementia Care mandatory units:

- ✓ Understanding Dementia
- ✓ Principles of communication and interaction in dementia care and support
- ✓ Supporting positive interaction, occupation and activity in dementia care
- ✓ Principles of equality, diversity and inclusion in dementia to exercise choice and rights
- ✓ Understand how to support individuals with dementia to exercise choice and rights
- ✓ Principles of the administration of medication and well-being of individuals with dementia
- ✓ Understand how person-centred approaches are used to underpin the care and support of individuals with dementia

## HEALTH & SOCIAL CARE

### Level 3 Certificate in the Principles of Dementia Care

### Outcomes
