

Course Introduction

Do you want to increase your knowledge and understanding of autism?

This certificate will provide you with the knowledge you need to understand autism and how to support individuals and their families.

This NCFE employer recognised certificate, will enable you to learn how to adopt a positive approach in supporting people with autism, develop an understanding of how individuals with autism may feel vulnerable and how important the support workers role is. The course will also take you through a range of therapeutic interventions that you can provide to people with autism alongside how to support and manage transitional period's for people with autism.

Successful completion of this qualification will allow learners to develop in-depth knowledge and understanding of autism, which would support progression onto appropriate qualifications and into employment within the health and social care sector.
